INSPIRING INDIVIDUALS TO LIVE A LIFE BEYOND THEIR CURRENT SITUATION

TESTIMONIALS

Victor recently partnered with our organization to host a workshop for our entrepreneurial community. Prior to the event, Victor was extremely responsive, professional and well-organized. As our featured speaker, he did an amazing job of engaging our virtual audience and providing a host of relevant tips. I highly recommend Victor for any group looking for an energetic, motivating and informed speaker!

■ Demetra Brown

Victor was the keynote speaker at an entrepreneurship event for UNT Dallas. He was incredibly motivating and provided an endless amount of value. He also was very engaged with the audience and had a fun game at the end of his presentation. I would absolutely attend any future event he does because I know I will leave full of knowledge and motivation!

■ Holly E.

Words cannot express how WONDERFUL and INSPIRING Victor has been as a volunteer for the JA Career Speaker Series program at Junior Achievement of Dallas... Victor inspired over 100 students toward reaching their life goals. Using his personal story as a reference point, Victor taught students about careers in real estate and making wise financial decisions... Victor became REALLY popular on the subject of entrepreneurship using his expertise to help students create effective business plans. He is certainly a dynamic and truly impactful speaker!
